HANDCRAFTED IN GREAT BRITAIN SINCE 1840

A SOMNUS SLEEP IS SHEER, SUMPTUOUS LUXURY

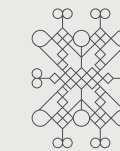

FOR SOME, SLEEP IS SOMETHING THAT JUST HAPPENS. AT SOMNUS IT HAPPENS BY DESIGN. SOMETHING THAT WE IMPROVE AND PERFECT THROUGH OUR PIONEERING INNOVATION. IT'S THE DIFFERENCE MADE BY OUR SENA INTELLIGENT SPRING SYSTEM AND HOME-GROWN, SUSTAINABLE NATURAL FILLINGS. NOT TO MENTION THE HANDMADE BRITISH CRAFTSMANSHIP THAT MAKES EVERY BED UNIQUE.

AT SOMNUS BEDS ARE NOT THE END RESULT, THEY ARE JUST THE BEGINNING.

HOMEGROWN SUSTAINABILITY. NATURALLY.

////
SUSTAINABILITY LIES AT THE HEART OF
EVERY CAREFULLY CRAFTED SOMNUS
MATTRESS.

Pioneering glue free Cortec™ spring systems make recycling possible. Ensuring there are zero mattresses to landfill. One of our key goals. On our 300 acre farm, our reared sheep and alpacas provide naturally luxurious, eco fillings, while home-grown flax and hemp absorbs carbon everyday. These fine, sustainable materials ensure our handmade mattresses are glue free, foam free, and FR chemical free. Making Somnus a fully recyclable sleep system.

ECO WOOL
UNIQUE NATURAL FILLINGS

SUMPTUOUS. BY NATURE.

INTRODUCING THE MOST LUXURIOUS 100%
NATURAL FILLINGS.

The seeds of each luxurious Somnus mattress begin on our 300 acre farm in North Yorkshire. Here, we rear our own sheep for their beautiful, premium fleeces and grow sustainable hemp and flax. Carefully blended, they create layer upon sumptuous layer of natural fillings, which, together make the perfect, luxurious sleep environment. Selected for being soft, springy and durable, we work with many fibres ranging from natural cotton, cashmere wool and hand-teased horsehair to alpaca fleece, tree silk cotton and a British Eco Wool and viscose blend. Chosen for their inherent resilience, breathability and temperature controlling qualities these are hand crafted into every mattress.

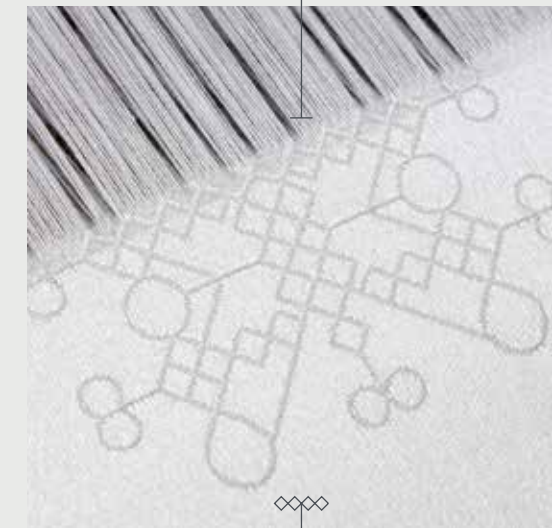

Harrison Spinks Farm, North Yorkshire

THE CAMPAIGN FOR WOOL
PATRON: HIS ROYAL HIGHNESS THE PRINCE OF WALES

The Campaign for Wool is a global endeavor initiated by His Royal Highness The Prince of Wales. Harrison Spinks supports the campaign to raise awareness of the unique, natural, renewable and biodegradable properties of wool.

SOMNUS SLEEP. DESIGNED.

TRADITION. REBORN.

Our ethos focuses on healthier sleep and that means creating sleep surfaces entirely free from chemicals. We carefully combine state-of-the-art looms with traditional weaving methods in our Yorkshire based factory. Here we weave our own luxurious Fire Retardant, FR chemical free mattress fabric, which snugly envelops every hand crafted Somnus mattress. Each sumptuous mattress is glue free, foam free and FR chemical free. Bringing sound sleep and peace of mind.

SOMNUS SLEEP. DESIGNED.

PIONEERING. INNOVATION.

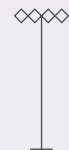

EVOLUTION IS INTRINSIC TO SOMNUS.

We never stand still. Always innovating and enhancing. Highly skilled engineers constantly develop new concepts, like our Sensa intelligent spring system with award winning, glue free Cortec™ springs, pioneered industry change. Driven by forward thinking and sustainability. Somnus embodies world leading innovation at it's best.

SOMNUS SLEEP. DESIGNED.

INTELLIGENCE. REDEFINED.

INTRODUCING THE SENSА INTELLIGENT SPRING SYSTEM.

At Somnus, our world revolves around technological innovation. At the heart of each hand made mattress lies our Sensa Intelligent Spring System, technology that dissipates the sleeper's weight across a higher number of independent pocket springs. Providing the ultimate in stability, durability and luxurious support. And more than a little intelligence.

SUSTAINABLE SUPPORT

Each micro spring within the Somnus collection is encased in 100% plant based bamboo blended fabric. Bamboo is a truly sustainable fibre that provides antibacterial, moisture wicking and insulating properties, helping to keep you cooler in the summer and warmer in the winter. NatureCoil is our green alternative coil system.

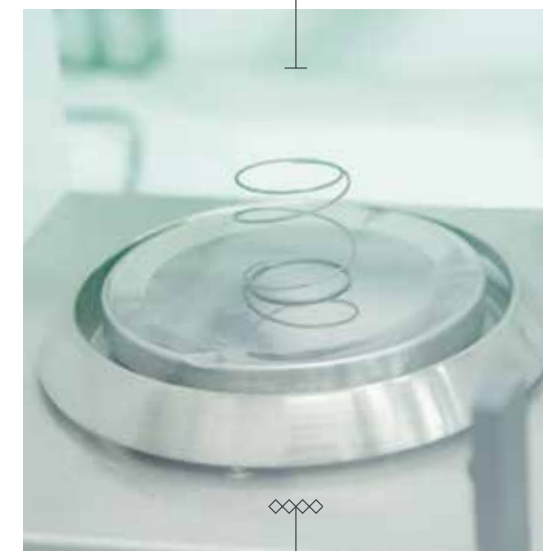

CORTEC™

Deep within every Somnus mattress sit advanced Cortec™ springs. These unique core springs are made without glue meaning they can be fully recycled at the end of the mattress' life.

SOMNUS SLEEP. DESIGNED.

SUPERIOR SPRINGS.

BEFORE WE MAKE OUR LIGHTER, HIGH PERFORMANCE SPRINGS, WE MAKE THE WIRE THAT GOES INTO THEM.

Starting with steel rods, we draw them into fine wire of different diameters. This makes our springs lighter and more durable so that we can use up to 5,000 of them in each layer. Superior springs that make for superior comfort.

SOMNUS SLEEP. DESIGNED.

CREATE YOUR OWN SLEEP SANCTUARY.

Too Hard

Just Right

Too Soft

PERFECT SLEEPING POSTURE

Our Sensa Intelligent Spring System ensure you always maintain the perfect sleeping posture. The springs help support your body more evenly and reduce pressure points, providing a more restful sleep.

BESPOKE NON-STANDARD SIZES

All the beds in the Somnus range are handmade and can be ordered in a non-standard size to suit your individual requirements.

LUXURY LINK OPTION

With Luxury Link, the mattress is separated into two halves and zipped together which offers individual sleeping support and easier maintenance.

TRADITIONAL DEEP BASE OPTION

This traditional style of divan base is fitted with smooth running metal inset castors that come as standard on all deep divan bases. Any soft close drawer configuration can be selected within the deep divan base.

4 drawer double

4 drawer continental

2 drawer double

2 drawer single

MATTRESS

All mattresses in the Somnus range offer three levels of support; regular, firm and extra firm.

MATTRESS BORDERS

Each mattress is finished with between two and six rows of side stitched borders. This secures the mattress border giving full edge-to-edge support.

FABRIC

Select your ideal colour, shade and texture from any of the luxury fabric options to complement your headboard and base.

HEADBOARD

Contemporary and traditional headboard designs available in a multitude of styles from strut, deep, floating to those with detachable legs for ease of delivery.

VENTILATORS & HANDLES

Nickel-plated ventilators are fitted to all our mattresses to enhance air circulation, while handles are flag stitched for extra strength and to aid mattress turning.

SHALLOW BASE ON LEGS

Choose this base for a more contemporary look. Stylish coordinated solid wooden legs fitted as standard.

SLIM BASE ON LEGS

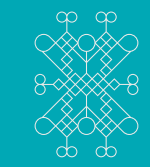

Offering a more design led style our latest slim base is available with nine different leg options.

THE EDGE GUARD BASE SYSTEM

EdgeGuard is a technically advanced pocket spring system developed by Somnus to work in harmony with the mattress, providing edge-to-edge support.

Shallow base on legs with Geneva headboard shown in Rustika Marble.

7 YEAR GUARANTEE

SOMNUS. FOR THE REST OF YOUR LIFE.

EVERY SOMNUS BED IS AWARDED A UNIQUE CERTIFICATE OF EXCELLENCE. THIS 7 YEAR GUARANTEE IS A MARK OF QUALITY, ONE THAT CAN ONLY BE AWARDED ONCE IT HAS PASSED OUR RIGOROUS TESTS.

It's a promise from us: that your bed has been handcrafted with the greatest care, using the finest natural materials and the latest technological innovations.

In the unlikely event of a defect, we will endeavour to repair or replace it free of charge. Claims under guarantee should be made through the retailer where the bed was purchased.

Please note. It's normal for our generous layers of natural upholstery to settle over time.

As part of our continuous quest for improvement, we reserve the right to change specification where necessary.

SOMNUS SLEEP. DESIGNED.

OVER 180 YEARS OF LUXURIOUS COMFORT.

CRAFTSMANSHIP SINCE 1840.

1900
Spring technology is introduced into mattresses for the first time.

1905
Trade growth forces a move to a new factory in Leeds, with orders to supply the troops in the Boer War.

1920
Continued expansion demands the acquisition of more factory premises. Harry and Billy Rhodes are appointed to run the company, with Miss Rhodes as secretary.

1924
The new Nottingham factory is opened with AJ Ludlam as director in charge of sales and advertising.

1936
New opportunities arise for ship and hospital bedding for the Nottingham factory, further advancing the Somnus brand.

1940
Mattresses being produced by 600 people employed in six factories. Products are shipped worldwide.

2000
Somnus is bought by Harrison Spinks, one of the country's most respected bedmakers.

2010
A new collection is launched with the technologically advanced Sensa Pocket Plus. Yorkshire Dales Eco wool produced on the Somnus farm reinforces the company's policy of using the highest quality materials sourced locally.

2011
Launch of the Somnus national advertising campaigns.

2015
Developed 4K spring technology and introduced weaving looms.

2015
Somnus celebrates its 175th birthday.

2017
In the 1950's Somnus was first commissioned to supply Her Majesty's Yacht Royal Britannia with luxury mattresses, in 2017 Somnus launched their limited edition mattress The Royal Britannia to mark 65 years since the Royal Britannia first set sail.

2020
180 year anniversary of Somnus.

Harrison Spinks is awarded a Carbon Neutral+ status.

1840
William Rhodes establishes business as a flock dealer in Birstall, West Yorkshire.

1860
William's son, Joseph, joins his father making mattresses with flock.

1880
Joseph's sons, Harry and JW (Billy) enter the small, but growing business.

1910
Billy Rhodes names a bed "Somnus" after the Roman god of sleep and dreams. The first mattresses bearing the Somnus name achieves record sales, matching the company's increasing reputation for quality.

1932
A further factory is opened in Manchester, to keep up with ever increasing demand.

1933
Showrooms open in London, with emphasis on the high standards and quality. Billy Rhodes is appointed as chairman.

1954
Somnus mattresses specified for Her Majesty's new royal yacht 'Britannia'.

1970
The business is rationalised to adapt to market forces.

2007
New handmade bed collections are launched featuring the unique Sensa Pocket Spring system.

2009
The Somnus farm is purchased in order to raise sheep using their fleeces in our unique blends of 100% natural upholstery fillings.

2012
In celebration of HM Queen Elizabeth II's Diamond Jubilee a limited edition range of beds is created.

2014
Started drawing our own fine wire for use in the Sensa Intelligent Pocket spring system.

2018
Two Queen's Awards for Enterprise are awarded, one for Innovation and one for International Trade.

2019
Harrison Spinks is awarded the Queens Award for Enterprise in Sustainable Development. Having previously received two Queen's Awards for Innovation and Sustainable Development in 2013 and two further Queen's Awards for Innovation and International Trade in 2018, this brings the total awarded to Harrison Spinks to five.

Cortec™ the world's first eco-spring™ unit that is glue free and 100% recyclable is introduced. Winning the NBF Component of the year award.

Harrison Spinks is featured on BBC Two's Inside the Factory.

2021
All Somnus mattresses become glue free, foam free, and FR chemical free.
